

MEDICINA / MEDICINE-HEALTH**Allergologia / Allergology**

Pawankar, R

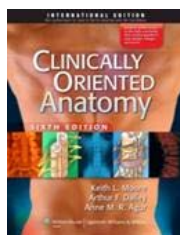

Allergy Frontiers: Epigenetics, Allergens and Risk FactorsSeries: *Allergy Frontiers - Vol. 1*

ril. 9784431728016 Eur 166,35 pagg. 442;

Springer Verlag (01/01/2009)

Allergologia / Allergology

The prevalence of asthma and other allergic diseases is on the rise worldwide, with a marked impact on quality of life and socioeconomics. Allergy Frontiers comprises six volumes, each dedicated to a specific aspect of the disease to reflect the multidisciplinary character of the field and its explosive growth. Included are reviews by world-renowned scientists from Europe, North and South America, Australia, Japan, other parts of Asia, and South Africa.

Anatomia / Anatomy

Moore K.L.

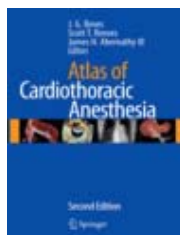

Clinically Oriented Anatomy, 6/e International Edition

br. 9781605476520 Lst 39,39 pagg. 1184; illustrazioni: 1168;

Lippincott Williams & Wilkins (01/02/2009)

Anatomia / Anatomy

This bestselling textbook provides first-year medical and allied health students with the clinically oriented anatomical information that they need in study and practice. It is renowned for its comprehensive coverage of anatomy, presented as it relates to the practice of medicine, dentistry, and physical therapy.

Anestesia / Anesthesiology

Reves, J.G

Atlas of Anesthesia: Cardiothoracic Anesthesia 2/e

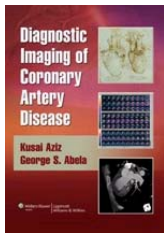

ril. 9781573402781 Eur 207,95 pagg. 230;

Springer Verlag (01/02/2009)

Anestesia / Anesthesiology

This new edition of the Atlas of Cardiothoracic Anesthesia has been updated in content and quality. Now in four-color, the Atlas covers all pertinent areas of cardiothoracic anesthesia: cardiovascular physiology, preoperative evaluation, pharmacology, ischemic heart disease and valvular disease, transplant surgery including aesthetic considerations, electrophysiology, invasive cardiac monitoring, the coagulation system and cardiac surgery, postoperative care, pediatrics, history, and practice management.

Cardiologia / Cardiology

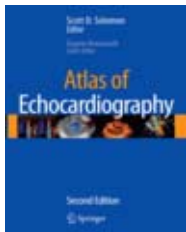

Abela G.S.

Diagnostic Imaging of Coronary Artery Disease

ril. 9780781766029 Lst 97 pagg. 320;
Lippincott Williams & Wilkins (15/12/2008)
Cardiologia / Cardiology

Co-authored by a cardiologist, a radiologist, and a nuclear cardiologist, this book presents practical, up-to-date information on nuclear cardiology. The authors present information on cardiac SPECT, cardiac PET, and coronary CT angiography. Test questions for board review will be included. An online Solution site will contain case examples of nuclear studies and associated cardiac angiography data; full-colour images of black-and-white print PET and CT materials also will be included.

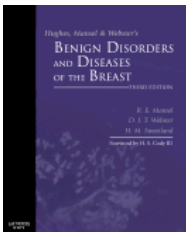

Solomon, Scott D

Atlas of Echocardiography 2/e

ril. 9781573403238 Eur 103,95 pagg. 376;
Springer Verlag (01/01/2009)
Cardiologia / Cardiology

The second edition of the Atlas of Echocardiography is a complete reference for cardiology professionals who rely on echocardiographic imaging techniques. The Atlas represents the collective effort of over 30 leading authorities in the field of cardiology working together to compile the most up-to-date and pertinent information in the field of echocardiography.

Chirurgia / Surgery

Mandel R.E.

Hughes, Mansel & Webster's Benign Disorders and Diseases of the Breast, 3/e

ril. 9780702027741 Lst 79,99 pagg. 368;
Saunders (02/02/2009)
Chirurgia / Surgery

Despite this, clinical and research interest has always favoured breast cancer, and few publications have attempted to cover benign breast disorders as an independent entity focusing instead on benign breast disease in relation to breast cancer and none provide the complete and pragmatic coverage found in this text.....

Dermatologia / Dermatology

Burgdorf W.H.C

Braun-Falco's Dermatology - 3/e

Prepublication price valid until February 28, 2009 - 199,95 €

ril. 9783540293125 Eur 229 pagg. 1712; illustrazioni: 1200;

Springer Verlag (01/01/2009)

Dermatologia / Dermatology

.The "skin" classic in a completely updated new edition.Sure to prove essential reading for all practitioners in this fast-moving medical discipline, the new 3rd edition of Braun-Falco's Dermatology covers classical dermatology and many related fields, providing a wealth of information on pathophysiology, clinical features, diagnostic methods, and differential diagnostic considerations, as well as the latest therapeutic approaches

Ematologia / Hematology

Appelbaum F.M.

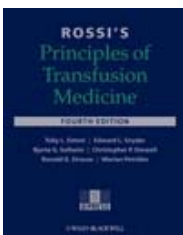

Thomas' Hematopoietic Cell Transplantation, 4/r

ril. 9781405153485 Lst 199,99 pagg. 1600;

Wiley-Blackwell (15/02/2009)

Ematologia / Hematology

This outstanding reference source on bone marrow transplantation has become recognised as the bible in the field. This fourth edition has been fully revised to reflect latest developments, and now features over 500 illustrations, including a colour plate section. The need for this new edition cannot be overstated - more than 13,000 new cases per year of haematopoietic stem cell transplantation have been reported to the International Bone Marrow Transplant Registry

Simon T.L.

Rossi's Principles of Transfusion Medicine 4/e

ril. 9781405175883 Lst 150 pagg. 1112;

Wiley-Blackwell (15/01/2009)

Ematologia / Hematology

Rossi's Principles of Transfusion Medicine is the most comprehensive and practical reference on transfusion science and medicine available. It features brand new chapters on the measurement of cell kinetics, obstetric transfusion practice, cord blood, transfusion alternatives, regenerative medicine. Produced jointly with AABB, the world's leading association in the fields of blood banking and transfusion medicine, it now has two companion CD-ROMs-one containing interactive case studies and one containing PDFs of all 66 chapters....

Genetica / Genetics

Kahl G.

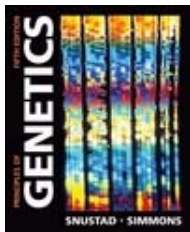

Dictionary of Genomics, Transcriptomics and Proteomics 4/e - Greatly Enlarged Edition (3 Vols Set)

ril. 9783527320738 Lst 310 pagg. 1916;

Wiley (01/02/2009)

Genetica / Genetics

This most up-to-date and comprehensive collection of 12,000 technical terms of the modern fields of genome research (genomics), gene expression technology (transcriptomics), and protein structure and function (proteomics) is the successor of the very successful long-seller and leading title The Dictionary of Gene Technology. This new edition appreciates a far-reaching diversification of the technical language of the three disciplines and tries to order the sometimes confusing usage of multiple synonyms, acronyms and laboratory jargons.

Snustad D.P.

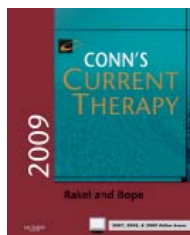

Principles of Genetics, 5/e

ril. 9780470388259 Lst 106 pagg. 824;

Wiley (15/12/2008)

Genetica / Genetics

Snustad provides scientists with the confidence to apply problem solving to the major principals of genetics. It eases them into the art of problem solving by integrating problems within each chapter. A clear connection between key principals and related problems is presented in each chapter. Icons help them clearly see how a problem is worked out before reading on.

Medicina/Medicine-Health

Rakesh R.E.

Conn's Current Therapy 2009

ril. 9781416059745 Lst 49,99 pagg. 1392; illustrazioni: 130;

Saunders (22/12/2008)

Medicina/Medicine-Health

Get multiple perspectives from more than 300 leading practitioners from over 15 countries on managing hundreds of common disorders affecting every organ system. The 2009 volume offers the latest thinking on everything from insomnia and hypertension...

Neurologia / Neurology

Vogt B.

Cingulate Neurobiology and Disease

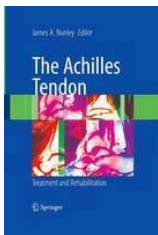

ril. 9780198566960 Lst 125 pagg. 848; illustrazioni: 298;

Oxford U.P. (01/03/2009)

Neurologia / Neurology

This major new text brings together cutting-edge information on the human cingulate cortex and its diseases as written by the leading authorities, and synthesizes these with other approaches - including neurophysiology and neuroanatomy in experimental animals; mainly in monkeys. The book considers cingulate infrastructure in terms of its cytology, receptor binding and circuitry, including functions such as emotion and autonomic and skeletomotor regulation, pain processing and chronic stress syndromes, cognition, and visuospatial orientation.

Ortopedia / Orthopaedics

Nunley J.A.

The Achilles Tendon - Treatment and Rehabilitation

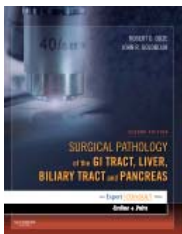

ril. 9780387792057 Eur 161,15 pagg. 256; illustrazioni: 205;

Springer Verlag (01/12/2008)

Ortopedia / Orthopaedics

As the population ages while remaining active, both Achilles tendon injuries and their treatment techniques have multiplied. The Achilles Tendon: Treatment and Rehabilitation is a comprehensive guide to the Achilles tendon, from basic anatomy, physiology and pathomechanics through the most cutting-edge treatment techniques.

Patologia / Pathology

Odze D.

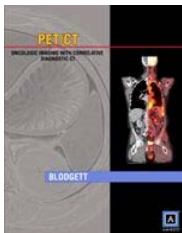

Surgical Pathology of the GI Tract, Liver, Biliary Tract and Pancreas, 2/e

ril. 9781416040590 Lst 165 pagg. 1392; illustrazioni: 2940;

Saunders (26/02/2009)

Patologia / Pathology

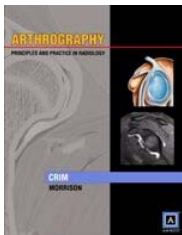

This one-of-a-kind reference provides a comprehensive and practical guide to help you interpret endoscopic biopsies and resection specimens of all organs related to the digestive system. Plus, thanks to Expert Consult, you'll be able to access the entire contents of this title online and download all images, from anywhere there's an internet connection

Radiologia / Radiology

Blodgett T.

PET/CT: With Correlative Diagnostic CTril. 9781931884181 Lst 124 pagg. 550;
Lippincott Williams & Wilkins (15/12/2008)
Radiologia / Radiology

This profusely illustrated, practical reference is the first PET/CT book to offer not only comprehensive PET findings, but also extensive coverage of diagnostic CT findings, performance of diagnostic CT as part of PET/CT, and added benefits of PET/CT.

Crim J.

Arthrography: Principles & Practice in Radiologyril. 9781931884150 Lst 108 pagg. 288;
Lippincott Williams & Wilkins (15/12/2008)
Radiologia / Radiology

This thoroughly illustrated reference is a practical guide to the use of arthrography in conjunction with MRI and CT for accurate diagnosis of musculoskeletal injuries and diseases. The opening general principles section includes chapters on arthrographic appearance of arthritides, basic techniques, therapeutic injections, tenosynography, and ultrasound-guided aspiration. Subsequent sections focus on the shoulder, elbow, wrist, hip, sacroiliac joint, knee, ankle, and foot.

Urologia / Urology

Badlani G.H.

Continenza: Current Concepts and Treatment Strategies - Current Concepts and Treatment Strategiesril. 9781846285103 Eur 161.15 pagg. 550; illustrazioni: 301;
Springer Verlag (15/01/2009)
Urologia / Urology

Over the past 5 years, a significant amount of new information concerning epidemiology, medical and surgical therapy for patients with incontinence has appeared. However, at present, there is no comprehensive reference book available covering the current concepts and treatment strategies in their full extent. In this book, every aspect on this topic is presented with a special focus on the latest diagnostic tests, surgical approaches, including laparoscopy, minimally invasive approaches, and medical therapies.
