Oxford U.P. (01/03/2010)

*Diritto Bancario E Finanziario / Banking And Finance Law*

The 2nd edition of Set-Off Law and Practice - An International Handbook is an invaluable guide to the application and practice of the rules of set-off in over 30 jurisdictions spanning Europe, Asia and the Americas. The work provides an at-a-glance port of call for UK banking and finance solicitors and foreign lawyers who wish to establish the pitfalls of set-off in a foreign jurisdiction. Since the publication of the first edition the use of set-off as a mechanism for risk reduction in cross-border financial contracts has continued to increase and the global financial crisis has meant that cases of bankruptcy and insolvency are more common than ever

*Diritto Commerciale / Commercial Law*

The economic importance of the non-profit sector is growing rapidly in the USA and Europe. However, the law has not kept abreast with its development. The European Court of Justice has extended certain freedoms of the EC Treaty to non-profit organisations, and more case law is expected to follow in the near future, but the observations, theories, solutions and legal and non-legal rules in this field are manifold. The chances of harmonising the law on a European level are slim

**Property and the Law in Energy and Natural Resources**

ril. 9780199579853 Lst 80 pagg. 496;

Oxford U.P. (25/02/2010)

*Diritto Commerciale / Commercial Law*

The law of energy and natural resources has always had a strong focus on property as one of its components, but there are relatively few comparative, book-length, treatments of both property law and energy and natural resources law. The aim of this edited collection is to explore the multiple dimensions of the contemporary relationship between property and energy and natural resources law. Its genesis was the growing resurgence of global interest in questions of property in energy and resources and how it manifests itself across legal regimes around the world

**International Arbitration and Mediation: A Practical Guide**

ril. 9789041126108 Eur 150 pagg. 528;

Kluwer Law International (01/02/2010)

*Diritto Commerciale / Commercial Law*

Optimising the outcome of disputes connected with international business forms the subject matter of this book. Rather than adopt an idealised approach of pursuing victories at any cost, the authors help parties predict the realistic consequences (and costs) of their decisions and provide a step-by-step guide to opportunities to influence the course of a dispute as it unfolds in its various stages. They discuss techniques for productively resolving disputes through negotiation, mediation, and arbitration, frequently illustrating critical steps through real-world examples drawn from past experiences

Waibel M.

**The Backlash Against Investment Arbitration**

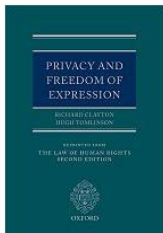

ril. 9789041132024 Eur 145 pagg. 672;

Kluwer Law International (01/03/2010)

*Diritto Commerciale / Commercial Law*

One may debate whether the tremors of a systemic crisis in investment arbitration are real, and, if so, of a great enough magnitude to shake its foundations, but it is no longer possible to deny that the current system is coming under intensive scrutiny. International lawyers, who recognize the indispensability of a well-functioning system for settling investment disputes, should be concerned about enhancing the legitimacy and functionality of investment arbitration

**Privacy and Freedom of Expression 2/e**

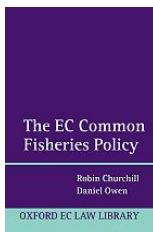

br. 9780199579730 Lst 49,95 pagg. 416;

Oxford U.P. (11/02/2010)

*Diritto Costituzionale / Constitutional Law*

This book is a reprint of the chapters on privacy and freedom of expression from the authors' major practitioner text, *The Law of Human Rights*. Its separate publication in this form is intended to make it accessible to those who do not have their own copy of the larger work. It is a detailed and comprehensive treatment of the law relating to human rights, privacy and freedom of expression in the UK and is particularly relevant to media law practitioners

**Diritto Dell'Ambiente / Environmental Law**

**The EC Common Fisheries Policy**

ril. 9780199275847 Lst 110 pagg. 640;

Oxford U.P. (04/04/2010)

*Diritto Dell'Ambiente / Environmental Law*

The Common Fisheries Policy (CFP) is one of the longest established and more controversial of the common policies of the EC. It deals principally with the management of fishery resources, relations between the EC and third States in fisheries matters, the marketing of and trade in fishery products, financial assistance to the fisheries sector, and aquaculture

**A Practical Approach to Planning Law 11/e**

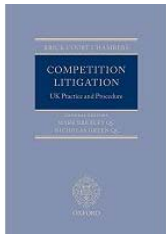

br. 9780199570898 Lst 44,99 pagg. 742;

Oxford U.P. (18/02/2010)

*Diritto Dell'Ambiente / Environmental Law*

The A Practical Approach series is the perfect partner for practice work. Each title focuses on one field of the law, providing a comprehensive overview of the subject together with clear, practical advice and tips on issues likely to arise in practice. The books are also an excellent resource for those new to the law, where the expert overview and clear layout promote clarity and ease of understanding

**Die Eule der Minerva in Hegels Rechtsphilosophie**

ril. 9783899497786 Eur 59,95 pagg. 206;

De Gruyter (01/03/2010)

*Filosofia Del Diritto / Philosophy Of Law*

Die Vorrede der Hegelschen Rechtsphilosophie endet mit einem denkwürdigen Bild: "Wenn die Philosophie ihr Grau in Grau malt, dann ist eine Gestalt des Lebens alt geworden, und mit Grau in Grau lässt sie sich nicht verjüngen, sondern nur erkennen; die Eule der Minerva beginnt erst mit der einbrechenden Dämmerung ihren Flug." Was ist mit diesem Rätselwort gemeint? Und was bedeutet es für die Rechtsphilosophie? Während über die erste Frage seit jeher nachgedacht wird, ist kaum je thematisiert worden, warum ein Wort dieser Dignität gerade in der Vorrede der Grundlinien der Philosophie des Rechts seinen Platz hat

#### **Justice and Morality Human Suffering, Natural Law and International Politics**

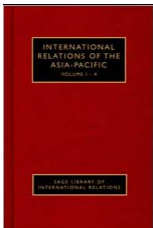

*philosophical ethics*

ril. 9780754675228 Lst 55 pagg. 214;

Ashgate (28/01/2010)

*Relazioni Internazionali / International Relations -FILOSOFIA*

Bridging the contending theories of natural law and international relations, this book proposes a 'relational ontology' as the basis for rethinking our approach to international politics. Amanda Beattie challenges both the conventional interpretation of natural law as necessarily and intractably theological, and the dominant conception of international relations as structurally distinct from the ends of human good, in order to recover the centrality of other-directed agency to the promotion of human development. Offering an important contribution to the study of international political thought, the book contains a number of challenging and controversial ideas which should provoke constructive debate within international relations theory, political theory, and philosophical ethics

ril. 9781412947831 Lst 600 pagg. 1608;

Sage Publications (31/03/2010)

*Relazioni Internazionali / International Relations*

The contemporary importance of the Asia-Pacific region in international relations has generated a very large and diverse academic literature. This four-volume set brings together for the first time a collection of essential articles covering the key themes and issues since the end of the Cold War. It examines the ways in which the region understands its place in the world and how the rest of the world understands the 'Asia Pacific', before turning to matters of security, international political economy and regional governance.

**Pre Publication Price £550.00**

ril. 9781847875808 Lst 600 pagg. 1728;

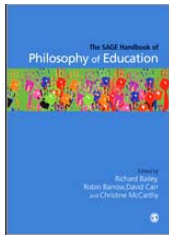

Sage Publications (31/03/2010)

*Scienze Politiche / Political Science*

'Interpretive' political science describes a broad range of approaches that challenge scientism for its lack of sensitivity to meanings, subjectivity and historical context. Much interpretive political study is founded on the insistence on the importance of meanings in human action and draws on the rich philosophical traditions of Schultz, Foucault, Derrida and Ricoeur, joined in the 1980s and 1990s by radical scholars influenced by cultural Marxism and post-foundationalism. Interpretive Political Science would capitalise on the growth and vigour of this field of study, and bring together for the first time a selection of writings that encompass theory and methods as well as policy and practice.

*Scienze Sociali / Social Science*

Realism is an approach to humanity which recognizes the real existence of social objects as well as physical objects. Thus realism does involve being realistic. But more importantly, it asserts that the things we are studying in social research have some prior existence and would continue to exist even if our knowledge of them was limited. Indeed, sometimes our knowledge is quite wrong, and realists assert that the real world will tend to constrain science so that wrong claims get challenged
